Flow chart to go to LMC</p> <p><b>Focus On Gender and Incongruence</b> AR has sent out email confirming referral to Leeds. Paul McManus is the NHSE Commissioning Pharmacist, and to contact him with any concerns</p> <p><b>Combination Laraglutide/Traceba Insulin</b> Not on formulary as a combination. Clear pathway needed for GP's Endocrinology to put forward and IFR.</p> <p><b>Gluten Free Guidelines</b> Removed from website, commissioned by ER but not Hull. AR received guideline from LL. Put On website.</p>	<p>Red drug</p> <p>Contact numbers to be added</p> <p>Contact numbers to be added</p> <p>Action Complete</p> <p>AR has sent email Adults only in Hull</p> <p>Action Complete</p> <p>Action Complete.</p>	<p>commissioners</p> <p>Update website when completed.</p> <p>Send out when completed</p> <p>Action Complete</p>	<p>SG/AR</p> <p>MM/AR</p> <p>MM/AR</p> <p>AR</p> <p></p> <p>SG</p>	<p>1/17</p> <p>1/17</p> <p>1/17</p> <p>1/17</p> <p>1/17</p> <p>1/17</p>
2017.01.05	Traffic Light Status	<ul style="list-style-type: none"> <li>HEY D&amp;T- Cantharone and Cantharone Plus Mepolizumab Obinutuzumab Descovy Odefsey Zepatier Enstilar Cutaneous Foam Spray</li> <li>HFT DTC – none</li> </ul>	<p>Red</p> <p>Red</p> <p>Red</p> <p>Red</p> <p>Red</p> <p>Red</p> <p>Red</p> <p>Green</p>	<p>Added To Formulary</p> <p>Added to formulary</p>	<p>SG</p> <p>SG</p>	<p>1/17</p> <p>1/17</p>

		<ul style="list-style-type: none"> <li>CHCP Therapeutics Committee – none</li> </ul>				
2017.01.06	Feedback From Commissioning Groups	<p><b>Pead Growth Hormone-</b> AR fed back to the group that patients are seen four times a year at HEY, and that HEY carry out all phlebotomy at the clinic. GP's would only prescribe after the initial prescription had been written at HEY, and this would only be three or four times per year. Concerns were raised over who would have overall responsibility with regard to side effects etc of the drug, if GP's prescribe. Clarification is needed, as this is a specialist area and GP's are unfamiliar with the drug.</p> <p>AR explained that there were around 140 patients per year- and only one prescriber at HEY ( Dr Mathew). All patients receive a yellow card with all details on, about the drug.</p>	Both CCG's would like this to be a Red drug	To go back to commissioners AR to meet with prescribing team at HRI.	AR	
2017.01.07	Prescribing Guidelines, shared care frameworks for approval	<p><b>Rhinitis Guideline</b> Amendment needed on page2 'systemical steroids' Prednisolone needs to be added.</p> <p><b>Guanfacine Guideline</b> –Clarification is needed to assess risk of QT in patients. Consultants will need direct referral to Cardiology as per NHSE contract before sending the request to the GP. If patients are low risk then direct referral to GP to prescribe High risk patients are to stay in secondary care.</p>	To be sent to Paeds for comments, before final approval.		AR  AR	
2017.01.08	From Drug and Therapeutics Committees within Hull and East Riding	<p><b>Glucodrate Sachets-</b> This is a new product for Intestinal Failure Patients, as the guideline has been updated. Patients will be switched over from St Marks Formula were possible. Patients will be reviewed in clinic at HEY and switched over.</p>	Agreed to go on formulary as green	Update Formulary	SG	
2017.01.09	DOAC Cards	AR has amended the DOAC cards, and it now has bigger boxes to write in, making it much easier to use. The group discussed issues around who would be responsible to print them off and distribute them. It was decided that the head of primary care in each CCG could co-ordinate in community, and HEY could do their own.	AR to e mail document and price list to KM,JS		AR	

2017.01.10	Humber NHS foundation Trust Formulary Information Document	New version of dressings available have been received.	To go on website		SG	
2017.01.11	Update on East Riding CCG Community Services Provision from 1st April 2017	The committee were made aware of as from 1st April CHCP provision of ER CCG services, has been planned. They expect the changes to be made as smooth as possible, with no changes made to the guidelines or formulary.	No further Action			1/17
2017.01.12	Additional Minutes for Information	Noted				
2017.01.13	Additional Minutes for Information	<p>a) <b>MMIG-</b> New guidance on Vaccines for babies to be modified, to those born to mothers who are seen by Rheumatology ,Derm and Gastro.  <b>Dementia SCF-</b> Needs updating</p> <p>b) <b>HEY D&amp;T</b></p> <p>c) <b>HFT DTC-</b> MM has been attending, but now AR will go to future meeting.</p> <p>d) <b>Formulary Sub Group</b></p>	To be circulated to committee after review.		AR  AR	
2017.01.14	AOB	<b>Mouth care Guideline-</b> A review is needed as Nystatin Suspension doses have changed recently.	To be reviewed and updated, then sent to AR when completed	To go on March HERPC agenda.	SG	
		<b>Red Drugs on SCR-</b> Concerns were raised over the issue of Red drugs not being shown on SCR from GP's. It was recognised that this is a national problem. It was thought that perhaps a separate section could be added to the SCR, as there would be a risk that primary care might prescribe the drug.	To be escalated to commissioners			
		<b>SCR Issues-</b> It was noted that SCR are sometimes not being updated by GP surgeries. Not sure if this was an IT issue.	AR to collect examples and bring to HERPC next time.	To go on agenda for March	AR/SG	

		<b>Libre- Diabetes Monitoring System</b>	To go to commissioners			
		Next Meeting Wednesday 22 <sup>nd</sup> March 2017 Board Room Health House, Willerby.
