

GUIDELINE ON TREATMENT OF OVERACTIVE BLADDER

(Based on NICE Pathways, [LUTS in Men](#), [UI in Women](#))

Conservative management

All patients should have conservative treatment prior to medical therapy or referral
(Bladder & Bowel Health – For Hull GP Tel 01482 247111; For ERY GP Tel 01482 347894, fax. 01482 347892)

Post-menopausal women

Intravaginal estrogens are recommended for patients with vaginal atrophy & OAB
